RAL 9010

Negro-marrón

RAL 8014

RAL 3011

RAL 5002

Silber

RAL 9001

RAL 6005

RAL 7038

RAL 7040

RAL 7015

Caoba

Nogal

Oregon

Roble oro

Roble pantanoso

Roble oscuro

# Sistemas en Aluminio

El aluminio es el mejor modo de tener grandes superficies acristaladas . Gracias a vidrio y dureza única de aluminio es posible construir edificios modernos que con otros materiales sería imposible.

# PVC - Puertas

## ROYAL - Puertas

**PVC puertas con alto estándar y normativas CTE  
- EN 14351-1**

- Resistente al agua **clase 9A**
- Resistente a acciones de viento **clase 4**
- Panel en la hoja de la puerta resistente a acciones de viento **clase 4**

Puerta de entrada de la Royal, cálido marco de múltiples cámaras y los perfiles de la hoja, da la garantía de utilización y un elevado confort y durabilidad durante años.
